

To whom it may concern,
I am writing you in regards to NAB petition 04-160. I am a subscriber to XM radio and personally benefit from listening to XM Satellite Radio and its traffic and weather channels. XM satellite radio provides variety and quality that are not available elsewhere. Since I pay for these services, it should not be up to the National Association of Broadcasters to dictate what I am permitted to hear. I respectfully urge the FCC to reject the NAB's petition 04-160 and to support XM's ability to provide the kind of programming that I demand and deserve.

Sincerely,

Craig Cheatham
